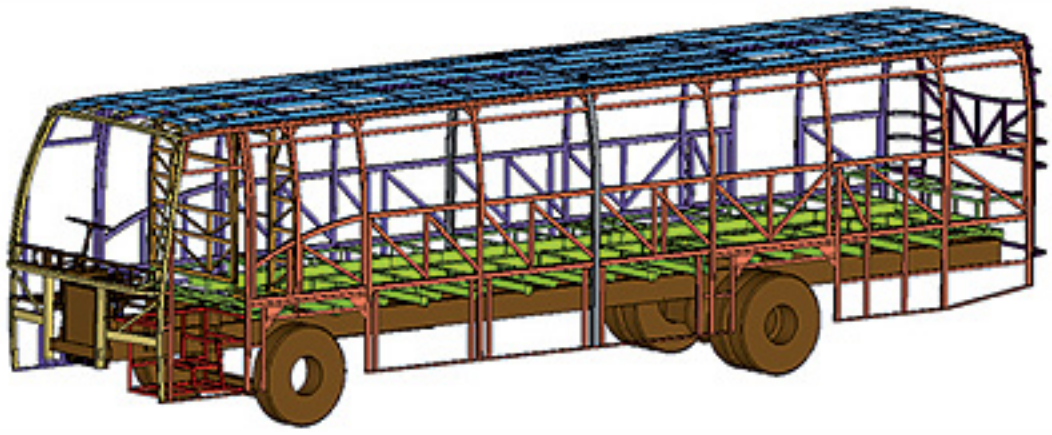
Company Overview

Arrow Coach Builders, an ISO 9001:2008 certified facility, is a Bus Body Building industry based in Chennai. The company is driven by a team of young, committed and internationally trained professionals with a core vision to deliver buses of unmatched quality by utilizing state-of-the-art technology & modern infrastructure.

Infrastructure

To enable its vision of manufacturing superior world class bus bodies, Arrow Coach has built a comprehensive manufacturing facility on an expanse of 14 acres in the outskirts of Chennai, just 2 kms off GST road between Chengalpet & Maduranthagam, conforming to the standards prescribed for this industry.

Sturdy Body with structual reinforcements ensure 100% safety



100% Rollover Compliant

Hydraulic Stretching Machine

16meter Long Paint Booth cum Heating Oven

Roof Leak Test / Under Chassis Inspection Facility

8-Tank Hot-Phosphating Process

Products

Apart from building buses, we are also an expertise in building ambulances, dry/reefer containers and special purpose vehicles

A/C Buses & Omni Buses

- We have built over 2500 buses within a short span of 7 years since our inception in Jan 2010
- Successfully established a long and impressive client-base, which is increasing every month
- Pioneers in building different aggregates of metal bodies, conforming to bus body manufacturing code, using anti-corrosive materials/techniques, which has become mandatory.
